May 2027

3.41/4.00

SKILLS

Technical Skills: Python, C++, Git, Adobe InDesign, Adobe Photoshop, Probability, Pattern Recognition, Time Series Analysis, MATLAB, Generative AI, Vulnerability Management | **Soft Skills:** Team Collaboration, Problem-Solving, Analytical Thinking

WORK EXPERIENCE

Cybersecurity Analyst Intern

June 2025 – August 2025

EisnerAmper | Remote

- Produced weekly vulnerability reports using Tenable and Excel, identifying risks across M&A/EA environments. Coordinated with IT teams and a managed service provider (NTT) to prioritize and track server-level remediation, strengthening the firm's proactive defense posture.
- Investigated threat alerts in real time using ReliaQuest/GreyMatter, authored firm-wide security bulletins, and drafted tailored phishing awareness communications for the firm's top 50 VAPs to reduce targeted attack exposure.
- Contributed to governance initiatives like OneDrive policy rollout, shadowed senior analysts during vulnerability reviews, and iteratively improved tracking workflows gaining hands-on exposure to cross-team operations, automation potential, and internal security education.

ACT/SAT Tutor

July 2024 – Present

Raydass | Remote

- Completed **50+** hours of teacher training and delivered personalized ACT/SAT instruction in both private and group settings across multiple high schools.
- Proctored practice exams and proofread math questions for the SARA assessment platform to enhance test readiness and content accuracy.

US Call Center Representative

August 2023 – Present

Carson.live | Remote

- Operate **24/7** virtual doorman service for **100+** residential buildings worldwide, managing access, couriers, and visitor flow; supported **21M+** door openings, **1.6M** deliveries, and **675K** visitor entries.
- Collaborate with international teams and resolve real-time security and service issues to ensure seamless, high-demand operations and tenant satisfaction.

INVOLVEMENT

UF Panhellenic - Delta Phi Epsilon

Vice President of Recruitment

November 2024 – Present

- Led recruitment efforts for **270+** women, overseeing event planning, outreach strategy, house readiness, and efficient management of a **\$21.9K** budget.

Merchandise Chair

May 2024 – May 2025

- Design unique, exclusive, and stylish merchandise for the members of Delta Phi Epsilon. Effectively coordinate the ordering and distribution process of the merchandise for over **270 members**.

Deloitte GPS Consulting UF Mentorship

October 2024 – May 2025

- Work with my mentor through monthly check-ins to build career foundations, explore consulting and public sector projects, and strengthen professional skills and connections.

PROJECTS

Personal Website agreenie.tech

- Developed a responsive personal portfolio website using modern CSS techniques, featuring animations, gradients, and adaptive layouts for a polished user experience.
- Integrated working GitHub and LinkedIn links; currently adding expanded content sections and resume downloads to enhance functionality and depth.
